Help us change the game—one school at a time

Adopt a school for $2,500 and help youth build character through golf.

We believe every child should have the chance to play golf.

Through our School & Community Program, First Tee – Atlantic uses golf to teach values like confidence, resilience, and integrity. With your support, we're breaking down barriers and bringing these important lessons directly into classrooms and community spaces across Atlantic Canada.

Why Your Support Matters

Many children don't have access to organized sports—especially not golf. That's why First Tee – Atlantic meets youth where they are: in schools and local community settings. We introduce them to the game in a safe, familiar environment, teaching more than just golf through our curriculum.

Educators see the difference every day: children involved in First Tee show greater focus, stronger self-esteem, and social-emotional growth.

"The majority of my students never had an opportunity to play golf before we launched First Tee. This program is a great way to role model self-confidence, perseverance, and the value of lifelong learning."
– Michelle Phillips LeBlanc, Forest Glen School, Moncton, NB

MAKE A DIFFERENCE

Our waiting list is growing by the day. To meet this growing demand across the region, we are looking to engage local supporters to champion First Tee in their communities.

Your **$2,500 donation** makes a lasting impact by providing one school with:

- Golf equipment designed for children of all ages and skill levels
- Online training for Physical Education teachers and youth leaders
- Curriculum that blends physical activity with life-skills development
- Ongoing support through First Tee's national educator network

Your generosity ensures that every child—regardless of their background—has access to a safe, inclusive environment to learn, grow, and thrive through golf.

LET'S TEE UP THE NEXT GENERATION!

Join us. Adopt a school. Change a life.
